## Covid-19 - DPGC update statement 23rd March

Dear members

I include below a statement from FGT following tonight's update from the government

Statement from Alistair Macgregor, FGT Chief Executive received on 23rd March at 21.20

*Message from PM was clear tonight.*

*All FGT courses and off course facilities **closed** with immediate effect.*

*Flags and tee markers to be removed asap.*

*A minimum essential maintenance plan will be put in place to ensure course is in a retrievable situation when restrictions are lifted.*

*Please follow all government advice and keep safe*

*Take care*

I am sure you will agree as a golf club we have always taken the Covid-19 virus very seriously with the clear intention to protect the health of our members, staff and visitors, I think all these decisions have been vindicated by tonight's news.

I did have a meeting with Alastair today and we discussed a number of issues most superseded by tonight's statement. We did agree that renewal of season tickets was suspended until further notice. We also agreed that the 50 or so members who have renewed using Fairway Credit we will deduct the cost of the season ticket from the amount that we will report to Fairway Credit. That will mean these members initially will only pay the cost of the club fees/bar card/ and locker if applicable over the 10 month period. We both felt it was unfair that these members paid an additional monthly amount to Fairway Credit for a season ticket when there was so much uncertainty on when we can start playing golf again.

The office bearers are meeting on Wednesday evening and I will update you with our discussions, however with the club, locker rooms and now golf course closed this will primarily concentrate on fees collections and also how we can support members who will struggle with this minimum 3 week close down. Now is the time to support our fellow members.

I would still urge you to keep paying club fees by BACS or cheque

If paying by BACS please supply the following information that is absolutely crucial for our treasurer.

The details we would need in the description are :

Name

Club Card Number (s)

Our Bank Details :

Bank of Scotland

Sort Code 80-16-84

Account No 00185295

Thanks for your continued support of DPGC and we will continue to provide regular updates

regards

Raymond, Jim, Richard, Greig and Stuart
