Club T Shirts

Our first batch of the 2019 Club T shirts will arrive in early May, we had an order for 55 which was very positive. If you had ordered a T shirt please keep an eye on social media for collection details. A second batch will be ordered later in the season so please get your name down.

Club V1 Members app

Our new App is now live and is being enjoyed by hundreds of our members. An email was sent out in April on how to download this App or speak to a club council member for instructions. The App provides live leaderboards, info on your handicap and a breakdown of your bar card spend.

The 2019 Course

There has been excellent progress over the last month and I would encourage you to wander over for a look. It is still anticipated that this facility will be complete by the end of June. The new course furniture and welcome board are now on order and I would like to thank our seven sponsors for supporting this exciting development. I have a meeting later in the month with the six local school headteachers to discuss our plans.

Corporate Days - Raith Rovers and FiFab

It was great to get such positive feedback from the Raith Rovers golf day last month, thanks to Greig Peden, all our staff and our green keepers. This month we host our friends from FiFab for their annual golf day, thanks to John Penman for his continued support of Dunnikier Park Golf Club.

Social news
